## PUT YOUR FEET UP

Embroidery, p.129

**The incorrect stitch was given to work the waratah stem. The instruction should read:**

Work the stem with three rows of chain stitch using **AE**.

## ARBOR VITAE

Embroidery, p.90

FRINGE LILY

Small side petals

**The number of strands was omitted from the instruction to work the German knotted blanket stitch. The instruction should read:**

Fill each half of each petal with German knotted blanket stitch using two strands of **BN** for the upper half and **BE** for the lower half.

Embroidery, p.91

FRINGE LILY

Large side petals

**An incorrect thread was given to work the lower half of the large side petals. The instruction should read:**

Leaving a small gap along the upper edge of the shape for the gilt check outline, fill the shape with herringbone stitch using **CN**. Lace the herringbone stitch using **Z**. Work a row of heavy chain along the lower edge of the petal, beginning at the base and using **CN**.

Embroidery, p.93

GUMNUTS

Leaves

**Padding was inadvertently mentioned in the instructions for attaching the leather leaf shaping. The instructions should read:**

Check the fit and trim if necessary. Using a waxed length of **CV**, attach the leather over the inner leaf design with stab stitch, working from the fabric into the leather and beginning with strategic points, then between the points at 2mm ( $\frac{1}{16}$ " ) intervals.

Liftout Pattern, sheet 2

Embroidery design

**The sepals for the Sturt Desert Rose were omitted from the pattern sheet and the spacing of the beads for the Cornflower do not need to be transferred to the fabric.**

**See the page 4 for the updated embroidery design.**

In the index for the step-by-step stitches and stitch glossary on page 198, there was an error in the page numbers indicated for each stitch - each is two pages short of the actual page numbers.

**This errata pdf lists the correct page numbers for each stitch.**
